

Rectification

The paper *Biomechanics of the brain for computer-integrated surgery* prepared by KAROL MILLER, ADAM WITTEK and GRAND JOLDES was published in Vol. 12, No. 2 (2010) with a wrong description as *original paper*. Actually, this article presents a summary of the key-note lecture delivered at Biomechanics 10 Conference held in August 2010 in Warsaw.

The Editorial Board apologises for this mistake.
